

ELECTION CLAIMS AND ESTIMATES

Indications Point to Bloodshed in Kentucky Election Tomorrow.

STATE MILITIA READY

Republican Leaders Seem to Feel Certain That Nash Will Carry Ohio.

Both Fusionists and Republicans Make Strong Claims on Nebraska—Both Parties Claim New York—Democrats Hopeful in Virginia—Hot Campaign in Mississippi—Result in Maryland Will be Close—No Doubt About Pennsylvania and Massachusetts—Latest News and Estimates on Result of State Elections Tomorrow.

Elections will be held in twelve states tomorrow. Of these, six—Ohio, Iowa, Kentucky, Maryland, Massachusetts and Mississippi—will choose governors, three—New York, New Jersey and Virginia—will select new legislatures, while Nebraska, Pennsylvania, and South Dakota, although only naming men for the judiciary, are the scenes of bitter conflict.

Lexington, Ky., Nov. 6.—[Special Telegram to The Gazette]—A galling gun was shipped to Louisville this morning. The entire Second regiment has been notified that trouble is expected and are ordered to be ready for immediate action.

Lexington, Ky., Nov. 6.—[Special Telegram to The Gazette]—Every indication points to bloodshed at the polls on Tuesday. The opponents of William Goebel and the democratic machine have done everything to secure justice at the hands of their political adversaries without avail and now they are driven to desperation.

The campaign is closed, the stumpers having started for their homes in order to be there to work and vote.

The republicans are working hand in hand with the Brown democrats and have arranged to have a squad of men as each voting place in the city of Lexington to enforce their rights and the rights of the Brown democrats. Unless wholesale stealing is resorted to Taylor is expected to win by from 20,000 to 30,000.

The following telegram is published this morning:

Beaver Dam, Ky., Nov. 4.—Republicans will win unless robbed at the ballot box.

W. S. TAYLOR.

Republican Candidate for Governor.

Adjt.-Gen. Collier has ordered that every available man in the state guard be put in readiness for emergency call on Tuesday in anticipation of trouble throughout the state. The 2d regiment of this city is the only state guard regiment fully equipped and organized. The 1st at St. Louis and the 3d at Bowling Green are partially mustered in, but the men are new. The Lexington battalion is wanted in Louisville, it being deemed advisable not to trust the local militia there on account of partisanship.

FOSTER FIGURES NASH TO WIN

Estimates of Both Party Leaders on the Result in Ohio.

Cincinnati, Ohio, Nov. 6.—The most significant development in the Ohio campaign since Saturday is the prediction made by ex-Governor Charles Foster, who has been speaking throughout the state for the republican ticket. He estimates the total vote for the state at 975,000, of which Nash, republican, will get not less than 465,000, McLean, democrat, not more than 410,000, and Jones, non-partisan, and all others will divide the remainder.

The following is an estimate of what the result in Ohio will be from an eminent Democratic source: The total vote in Ohio will be about 900,000. The increased registration is deceptive because of the fact that it is over that of 1898 an off year. The estimate of Jones' vote according to the polls is about 75,000. Of the balance Nash will get 400,000 and McLean 425,000. The Jones vote will be two-thirds Republican and will be the heaviest in Cuyahoga, Lucas, Ashtabula, Warren and Montgomery counties, all of which are Republican.

John R. McLean, the democratic governor of Ohio, today gave the following as his view at the Ohio election outlook: "But two days remain before the people of Ohio by their ballots give expression to their opinion on the issues before the public. After a most careful canvass, after a thorough look into the situation, hearing from every county, from nearly every township in the state I believe that the democratic ticket will receive many thousands more votes than the republican ticket."

Democrats Hopeful in Virginia. Richmond, Va., Nov. 6.—At the close

of the campaign in Virginia the democratic management is claiming a sweeping victory for Tuesday. At this election all the members of the house of delegates are to be chosen and half of the senate. The incoming legislature will choose a successor to United States Senator Thomas S. Martin. This question has been the dominant one all through the campaign and it is conceded that Senator Martin has won a decisive victory over his opponent, Gov. J. Hoge Tyler.

PREDICTIONS MADE ON NEBRASKA

Republicans and Fusionists Equally Confident of Carrying the State.

Omaha, Neb., Nov. 6.—Fusion campaigners are making predictions as to the result of the election in Nebraska. "Coin" Harvey says the period of doubt is past, and that the republican party is already defeated.

Colonel W. J. Bryan says the fusion forces are not only gaining recruits, but that voters express a determination to be out on election day. Indications, he says, point to a considerable increase in the fusion majority of the state.

Governor W. H. Poynter is very sanguine. "The fusion forces," he says, are in satisfactory condition. Good organization has been completed. Our full vote will be cast. Our majority will be equal to that of 1896."

The republicans exhibit a degree of confidence in success not shown by them in recent years. Orlando Tefft, chairman of the republican state committee, says that the majority for his ticket will run anywhere from 5,000 to 10,000—not less than 5,000. This estimate is based on reports from county committeemen who have discovered a change in public sentiment since last year.

BOTH PARTIES CLAIM NEW YORK

Crocker Trying Hard to Defeat Mazet—Legislature Estimate.

New York, Nov. 6.—On the eve of election both sides are confident. The fight is on the control of the next legislature, Crocker claims gains in the city for the democrats, and has concentrated his fight on the Mazet committee in general and on its chairman, Robert Mazet, in particular. Mr. Mazet is a candidate for re-election to the lower house of the state legislature. Elliot Danforth, the chairman of the democratic state central committee, claims the democrats will control the next lower house. Chairman O'Dell of the republican state committee denies this claim and sees republican gains in city and state. He declares the next assembly will have at least eighty-four republican members, leaving the democrats sixty-six.

Aim to Reduce the Majority

Trenton, N. J., Nov. 6.—Republicans express confidence that they will win in the election Tuesday. Democrats are using all their energies in the hope of decreasing the republican majority in the state senate. They want to reduce this if possible, and many republicans admit that they fear the democrats will succeed.

Hot Campaign in Mississippi

Jackson, Miss., Nov. 6.—Chairman C. C. Miller of the democratic state committee expresses the opinion that more than usual interest will be taken in the election Tuesday, and he estimates that the democratic majority will not be less than 35,000. Four years ago it was only 29,000.

Hangs on the Independent Vote

Baltimore, Md., Nov. 6.—The campaign in Maryland closes with the result next Tuesday depending on the independent vote. The candidates and managers of both parties are equally confident. The election chances favor the election of Gov. Lowndes and the entire republican state ticket.

Situation in Pennsylvania

Philadelphia, Pa., Nov. 6.—Chairman Reader of the Republican state committee said today that he had received reports from every county in the state, and on these based an estimate that the republican state ticket would have a plurality of 175,000 votes. Democratic State Chairman Rilling in summing up the situation admits that there is no hope except in a reduced majority.

Predictions on Massachusetts

Boston, Mass., Nov. 6.—The republican state committee predicts a republican plurality of 70,000, while the democrats claim they will reduce the plurality to 50,000.

DR. H. A. PALMER AS PREACHER

Delivered an Excellent Sermon Yesterday at Rock Prairie

Dr. Hendrick A. Palmer, the well known Janesville dentist, turned preacher yesterday and at the Rock Prairie Presbyterian church delivered an excellent sermon to a large congregation. He filled the pulpit to accommodate Rev. Huie who was called to Illinois on temporary business. Dr. Palmer was at one time in the ministry and is an interesting speaker.

Few Printers in Jail

The first Australian newspaper, the Sydney Gazette, was published on March 5, 1803, fifteen years after the rise of the colony. The delay was caused through there being no printers among the convicts, who represented every profession, including the legal. The plant was brought out in the first fleet, but it could not be used until the authorities caught a compositor. It has been suggested by a writer who has suffered at the hands of compositors that they keep all their crimes for the composing-room.

PLEA FOR RURAL FREE DELIVERY

Enhances the Value of Farm Land Very Much.

First Annual Report by the Postal Authorities—Increased Receipts—Relieves the Monotony of Farm Life—Educational Benefits—Uniform Style of Boxes.

Washington, Nov. 6.—A vigorous plea for rural free delivery is made in the first annual report of First Assistant Postmaster General Perry S. Heath, which has just been issued.

Mr. Heath says the service so far has resulted in increased postal receipts; enhancement of the value of farm lands reached by rural free delivery of from \$2 to \$3 an acre, a general improvement of the condition of the roads traversed by the rural carriers; better prices for farm products, the producers being brought into daily touch with the state of the markets; besides educational benefits conferred by relieving the monotony of farm life through ready access to wholesome literature and knowledge of current events.

On Nov. 1 rural free delivery was in successful operation over 353 circuits, radiating over forty states and one territory, Idaho, Wyoming, Mississippi and Montana being the only states unrepresented.

Accommodates the Farmer

Between the beginning of the new fiscal year, July 1, 1899, and Nov. 1, at an additional expenditure of \$150,000, rural free delivery has been extended to nearly 180,000 at an annual cost of about 84 cents per capita, against an average per capita cost of \$2.80 in small towns of 5,000 population.

"It is a small matter to a resident of a town," says the report, "to be saved a walk of a few hundred yards to the post-office; while, on the contrary, it is a great accommodation to the farmer to be spared a drive of five or ten miles over country roads to get his mail. In a recent public discussion, advocates of the system, who placed the value of the time thus lost on the busy-farming season at only 50 cents per head, found that their figures ran up into many millions of dollars lost to the agricultural interests through being obliged to send to the village for the mails."

Rural carriers are shortly to be authorized to receive and receipt for letters for registration as city carriers now do.

The report recommends the adoption of some uniform style of mail box for rural free delivery service. These boxes are to be put up and kept in repair by postoffice department for rental at moderate prices, which would not only pay the government interest on its investment, but yield a revenue. The rural mail boxes would thus have thrown around them the undisputed protection of the United States laws.

Praises For Free Delivery

"There has been nothing in the history of the postal service of the United States so remarkable as the growth of the rural free-delivery system. Within the last two years, largely by the aid of the people themselves, who, in appreciation of the helping hand which the government extended to them, have met these advances half way, it has implanted itself so firmly upon postal administration that it can no longer be considered in the light of an experiment, but has to be dealt with as an established agency of progress, awaiting only the action of the congress to determine how rapidly it shall be developed."

Mr. Machen's report shows that on the 1st of November, 1898, rural free delivery was in successful operation over 353 routes, radiating over forty states and one territory, as follows: Alabama, 1; Arkansas, 1; Arizona, 1; California, 14; Colorado, 5; Connecticut, 6; Delaware, 4; Florida, 1; Georgia, 4; Illinois, 17; Indiana, 44; Iowa, 23; Kansas, 17; Kentucky, 2; Louisiana, 1; Maine, 7; Maryland, 10; Massachusetts, 11; Michigan, 15; Minnesota, 7; Missouri, 12; Nebraska, 3; New Hampshire, 5; New Jersey, 7; New York, 24; North Carolina, 1; North Dakota, 3; Ohio, 40; Oregon, 3; Pennsylvania, 15; Rhode Island, 5; South Carolina, 21; South Dakota, 2; Tennessee, 6; Texas, 2; Utah, 1; Vermont, 6; Virginia, 4; Washington, 1; West Virginia, 7; Wisconsin, 15; Idaho, Mississippi, Montana and Wyoming were the only states not represented.

Her Large Family

Lancet: A woman named Annie Winnington was buried on July 21 at Northwich. She died at the age of 44 years, and had been the mother of twenty-five children, of whom it was stated that three are living, aged 20, 18 and 8 years, so that twenty-two of this number have died. She was married at 21 years and had twins three times. No information is given as to how this great mortality came about.

Over Their Graves

In many parts of Scotland it used to be the custom to place on a man's tombstone the symbols of his trade. Thus, a sugar cane would decorate the grave of a grocer; and ax and saw, with hammer and nails, would be found on that of a carpenter; an awl and a hammer on a shoemaker's grave, and so on.

ADMIRAL DEWEY MAY SURPRISE FOLKS

His Wedding to Mrs. Hazen Anticipated Today.

He Followed Her to New York and is Very Attentive—Wants the Ceremony Performed Quietly and Without Any Public Notoriety—Rumors to That Effect.

New York, Nov. 6.—[Special Telegram to The Gazette]—Admiral Dewey is in the city in attendance upon Mrs. Hazen. He has been a most devoted lover carrying huge bouquets of American heavy roses every day to his affianced. He was with her all day yesterday.

Many of the admiral's friends say that it would be by no means surprising if the marriage should take place quietly in New York today without the public being the wiser until it is all over. It is known that the admiral is tired of all

MRS. MILDRED HAZEN.

the fuss that has been made over him and that both he and Mrs. Hazen would prefer to avoid the exploitation of the manifold details that the society reporters will wish to lay before their readers.

By being married quietly first and announcing the event afterward nearly all this would be obviated, and all the wearisome gossip and futile efforts to avoid the reporters that made the marriage of President Cleveland, for instance, so unpleasant, would be avoided.

There is no doubt that the wedding will be celebrated very soon and there is the strongest reason to suppose that it will be strictly private. There seems no reason why the rumor should not be correct and the ceremony very close at hand.

ONLY STIFF AND SORE

No Truth in the Stories That Tom Sharkey Was Seriously Injured.

New York, Nov. 6.—[Special Telegram to The Gazette]—Sharkey's physician gave out the following statement this morning:

There is absolutely no truth in the story that that two of Sharkey's ribs are broken. He is stiff and sore. His left shoulder was wrenched and one rib fractured as already stated; but the stories that he is seriously injured are incorrect. I have made a thorough examination of him and have given permission for his appearance at a local theatre tonight.

WANTS AMERICA CUP

Another Ambitious Englishman Building a Yacht to Challenge American Defender.

Glasgow, Nov. 6.—[Special Cablegram to The Gazette]—C. D. Rose, a popular yachtsman, is having a racing cutter secretly built on the model of the Kasier's yacht the Meteor. If the new boat beats the Shamrock it will issue a challenge for the America cup.

HOBERT GETS WEAKER

Vice President Passed a Fairly Good Night and Resting Easily Today.

Paterson, Nov. 6.—[Special Telegram to The Gazette]—Vice President Hobart passed a fairly good night and is resting easy this morning. It is stated, however, that he is hourly growing weaker.

PREACHED HIS FIRST SERMON

Rev. J. A. M. Richey of Trinity Church Held Services Yesterday.

Rev. J. A. M. Richey, as rector of Trinity church, preached his first sermon in this city yesterday morning at 10:30 o'clock. In the evening services were held at 7:30 and at both the morning and evening service the church was well filled. Rev. Richey is an interesting speaker and at all times held the attention of his congregation. At one time he was assistant rector of St. Paul's church at Beloit.

MUNGER HAS LUNA'S CLOCK

Nephew of A. C. Munger Returns After a Year in Philippines.

A. C. Munger, the North Main street grocer, spent Sunday in Palmyra the guest of his nephew, Frank Munger, who has just returned from the Philippine islands where he served for a year as a member of a South Dakota regiment. Mr. Munger returned with many curiosities from the islands including several boxes of cigars. During one of the battles Munger secured a clock that the property of General Luna.

AMERICANS EASILY DROVE THEM BACK

Col. Smith Fights 1000 Insurgents at Magalany.

A Flank Movement Was Executed and the Insurgents Were Surrounded—Entire Company of Filipinos With Arms Are Captured—Seven Americans Wounded.

Manila, Nov. 6.—[Special Cablegram to The Gazette]—In advancing yesterday to take Magalany, Colonel Smith engaged about one thousand insurgents. A small force of the enemy was in the first encounter. The Americans easily drove them back, but five miles further north a large number of insurgents made a sharp resistance. A flank movement was executed by which the Filipinos were almost surrounded. The artillery did effective work. Seeing the Americans on all sides of them, the insurgents fled. A number of them were killed and wounded.

A company of Filipinos with their arms was captured. The Americans had seven wounded. Gen. Wheeler's brigade at Angeles is getting ready to take part in the northern advance. Severe and heavy rains the last three days have rendered a decisive movement by Lawton's troops impossible.

MET HORRIBLE DEATH

Otto Kelgas Scalded to Death by a Leak in a Vat of Boiling Pulp.

Kaukauna, Nov. 6.—[Special Telegram to The Gazette]—Otto Kelgas, of this city, aged 20 years, met a horrible death in the sulphite department of the Combined Locks paper mill. Young Kelgas was at work thinning the stock in the tank when a seam opened in one of them and let out its full contents, a number of tons of boiling pulp and acid mixed. Kelgas was alone at the moment and his position shows that he made an attempt to escape, but the heated seething mass overwhelmed him instantly, causing his death by scalding and breathing internally the acid laden steam.

FORECAST OF WEATHER

Chicago, Nov. 6.—[Special Telegram to The Gazette]—The forecast for Wisconsin is as follows: Fair, warmer tonight and Tuesday.

PHONE CONNECTIONS MADE

You Can Now Say Hello to Many of the Surrounding Towns.

This city is now in direct communication with Edgerton, Milton Junction, Clinton, Shopiere, Afton and other surrounding towns over the wires of the Rock County Telephone company. The connection was made today and the service is most complete in every detail. Beloit will be connected some time this week.

DWIGHT VAN AIKEN INJURED

Janesville Boy Thrown from a Freight Car While at Oshkosh.

Dwight Van Aiken of this city is now confined to his South Jackson street home as the result of an injury received while breaking on the Northwestern railroad at Oshkosh. While standing on a freight car he was thrown to the ground by the sudden setting of the air brakes. He fell on a pile of stone, and was considerably bruised.

HENRY CARPENTER INJURED

Janesville Boy Has His Shoulder Thrown Out at Madison.

Henry Carpenter, son of Alderman and Mrs. E. F. Carpenter, was badly injured Saturday at Madison while playing in a football game. He had his right shoulder thrown out of joint and it required two physicians one hour to replace the shoulder bone. Mr. Carpenter was playing tackle on one of the teams and was injured while tackling one of the players.

FUNERAL OF MRS. M'MANUS

Was Held Yesterday From St. Patrick's Church.

Funeral services over the remains of the late Mrs. Catherine McManus were held yesterday afternoon from St. Patrick's church at 2:30 o'clock, the Rev. E. M. McGinnity officiating. The interment was in Mount Olivet cemetery. The pallbearers were: George Devins, James Langdon, John Devins, James Moehan, John Martin, Thomas Tobin.

GEN. WHITE IN A VERY BAD PLIGHT

Is Positively and Effectively Cut Off from All Reinforcements.

SUPPLIES IN DANGER

While He is Shut Up at Ladysmith Boers Take His Provisions.

News of a Sanguinary Battle Slowly Dribbling Into England—Dr. Leyds Seems to Know What He is Talking About—Wires Still Down and No Direct News From the Field of War—Kimberley and Mafeking Are Still in a State of Siege.

Berlin, Nov. 6.—[Special Cablegram to The Gazette]—Dispatches from Ladysmith say that the Boers are gradually closing in on White and that inside of forty-eight hours his whole army will be prisoners or be annihilated.

London, Nov. 6.—[Special Cablegram to The Gazette]—An official dispatch received from Ladysmith says that Gen. White is still safely entrenched there and has driven the Boers back with heavy losses.

Gen. White Completely Surrounded

London, Nov. 6.—[Special Cablegram to The Gazette]—The evacuation of Colenso leaves General White in a worse plight than ever, as it means he is now positively and effectively cut off from reinforcements.

Everything indicates that Boers have invaded the place with a big force, and since they can easily plant guns on every side of the town and their control of the railroad is complete they will not need to keep much of an army there.

Once they get the approaches and hill-sides properly fortified they can soon spare the bulk of the present invading force, either to march to Maritzburg, where the British have an immense supply of ammunition, or return in front of Ladysmith and continue to harass Gen. White.

Dr. Leyds reported some days ago there had been fighting at Colenso and said General White was wounded and forced to retreat. It is certain now that that part of Dr. Leyds' statement was true as regards the withdrawal of the British from Colenso, and since no more news has come from General White, the war office is almost ready to believe all Dr. Leyds says, including the story of General White's injuries.

How Dr. Leyds is getting his information so promptly is a great puzzle both to the War office and to the newspapers. His statements were all scoffed at at first, but almost without exception they have been officially confirmed later.

Long lists of casualties continue to roll in at the War office as a result of the Boer capture of Colenso.

Falling Back From Colenso

Pietermaritzburg, Nov. 6.—[Special Cablegram to The Gazette]—Dispatches from the Estour dated Nov. 3 say that the British are falling back from Colenso. They warned the inhabitants of Estour to leave as it was probable that the town would not be held.

Movements at Kimberley

Cape Town, Nov. 6.—[Special Cablegram to The Gazette]—Delayed messages from Kimberley says that Colonel Turner reconnoitered from there last Tuesday. The Boers fired thirteen shells without damage.

Prince Christian and a number of other officers left here Friday for Ladysmith, via Durban. They will replace the British officers killed or wounded in the recent fighting there.

The Boer's Hill Engagement

London, Nov. 6.—[Special Cablegram to The Gazette]—No new particulars have been received of the engagement last Thursday at Bestor's Hill. The war office is inclined to minimize the results of that fight.

Boer Prisoners at Cape Town

Cape Town, Nov. 6.—[Special Cablegram to The Gazette]—A body of Boer prisoners from Ladysmith, numbering nine officers and seven hundred and eighty men, have arrived here.

Martial law has been proclaimed for the districts of Cape Colony around Dear Junction. Premier Schreiner has issued circulars to explain that this proclamation is only temporary, and does not compel the burghers to take part in the deplorable hostilities.

Leyds Threatens to Protest

Brussels, Nov. 6.—[Special Cablegram to The Gazette]—Regarding the rumor that the Basutos have risen against the Boers, Leyds, the Transvaal agent here, says if it is true, they were

REAL ESTATE SALES CONTINUE BRISK

ROCK COUNTY DIRT IN DEMAND THESE DAYS.

Janesville Property Comes in for a Good Share of the Sales—Town of Harmony Farm Brings \$9600—Beloit, Evansville and Milton Are Also Involved.

Property throughout Rock county continues to be in demand at good prices and the outlook for brisk sales in the future were never more promising than at the present time. During the past few days several deals of a large nature have been made. One hundred and twenty acres in the town of Porter sold for \$7,200 and a farm in the town of Harmony brought \$9,600. City property is also in demand in Janesville, Beloit, and Evansville and several sales are recorded.

Following are the transactions recorded by Register of Deeds O. D. Rowe since October 20:

Randolph Brown and wife to S. L. Lord, pt blk 14 1/2, Beloit, \$150
Magdon Ann Loucks to Charles H. Carpenter, lot 11 and pt lot 18, Mitchell's, Janesville, 1,600

Edwin Fildford and wife to Julia A. Sheehan, lot 2 blk 17, Palmer & Sutherland's, Janesville, 100

It will not be a surprise to any who are at all familiar with the good qualities of Chamberlain's Cough Remedy, to know that people everywhere take pleasure in relating their experience in the use of that splendid medicine and in telling of the benefit they have received from it, of bad colds it has cured, of threatened attacks of pneumonia it has averted and of the children it has saved from attacks of croup and whooping cough. It is a grand good medicine. For sale by Smith's Pharmacy next to Post office. Kodak agents.

The Oldest Known Rock.
Professor Winchell, state geologist of Minnesota, holds that the so-called greenstones of that state are the oldest known rock, older than the Canadian Laurentian, heretofore held to be the dean of the faculty of rocks. He considers the greenstones to be the bottom rocks of the geological series and the representative of the original crust of the earth formed from the molten mass by the earliest solidification.

Started New Hair
Hon. John H. Gardner, member Wyoming State Legislature from Beulah, Crook Co., in letter dated February 23, 1899, to the

7 Sutherland Sisters

says: "According to agreement made in Salt Lake City, if your preparation proved a benefit to my bald head, I was to send you a testimonial. There is a fine growth of new hair started. Am not troubled any more with dandruff and that annoying itching of the scalp. I had tried everything I could hear of before I saw you, but received no benefit. You can use this if you wish. Please send me half-dozen bottles."

We have thousands of testimonials equally as strong. All hair and scalp troubles readily succumb to these meritorious preparations.

Sold by dealers everywhere.

V. P. RICHARDSON TO ATTEND

Expects to be Present Among Wisconsin Mayors in Monroe.

Mayor V. P. Richardson expects to be in Monroe the last of the present month to attend the League of Wisconsin Municipalities, which will hold its fall meeting. The session will be for two days but the exact dates have not been decided upon.

The meeting will bring together about two dozen mayors of the leading cities of the state and in addition many aldermen are expected to be present.

The program of the meeting is now being prepared by Secretary S. E. Sparling, of the league. He is professor of political economy in the state university. Mayor A. S. Douglas of Monroe is chairman of the executive committee.

JANESVILLE MARKET PRICES

Quotations on Grain and Produce Are Reported for The Gazette.

The following figures show the range of prices in the local market. Corrected by P. H. Bump.

WHEAT—Retail at 90c @ \$1.05 per sack.
BAY—Retail at 70c @ \$1.00 lbs., \$13.00 @ 100 lbs.
MIDDLINGS—Retail at 70c @ \$1.00 lbs., \$13.00 @ 100 lbs.
FEED—Retail at 70c @ \$1.00 lbs., \$13.00 @ 100 lbs.

WHEAT—Fair to best grades, 55c @ 62c.
BROWN—Retail at 70c @ \$1.00 lbs., \$13.00 @ 100 lbs.
RYE—Good demand at 53c @ 55c.
BARLEY—Ranges at 45c @ 50c, as per grade.
EAR CORN—New—\$6.00. Old, 16c @ 17.50 per ton.

French Ministry in Danger.

Paris, Nov. 6.—The coming week will be one of the gravest in its history for the republican form of government, as it exists today in France. The present cabinet has staked its life on the outcome of the high court trial. If the senate declares its incompetency, as is freely predicted it will, and sends the prisoners before the civil tribunal, Premier Waldeck-Rousseau and his colleagues will have only one thing left—namely, resignation. A trial with acquittal as the result will be equally bad for the government, and will overthrow the present ministry. This would mean a triumph for the plebeian republican party and the nationalists, and open the way for the man on the dark horse.

Sharkey is Seriously Hurt.

New York, Nov. 6.—Although Tom O'Rourke is to post a forfeit of \$5,000 in the morning as an earnest for another meeting with Jim Jeffries, there is little chance for another meeting being arranged. Sharkey is so badly used up as a result of the heavy beating he had to stand that the doctors who have seen him say he will not be able to do battle for at least six months, and one of them is of the opinion that Sharkey will never again be the same man he was Friday night before the fight. It has developed that Sharkey's left arm was dislocated twice at the shoulder during the progress of the fight.

Harrison and Baby Back.

New York, Nov. 6.—Former President Benjamin Harrison arrived here Sunday on the American line steamship St. Paul. Mrs. Harrison and the baby were with him. The general has been away since last May, when he went abroad to act as counsel for Venezuela, before the boundary arbitration commission. The general declared himself greatly fatigued and as needing a long rest. For the next two or three months, he added, he intends to take it easy.

Kansas City's Costly Fire.

Kansas City, Mo., Nov. 5.—The early morning fire that started Sunday in Jones Bros. big department store in North Main and Sixth streets and spread to a block of other buildings in Main and Walnut streets caused a loss of \$500,000. The aggregate insurance is estimated at \$375,000. Jones Bros. loss \$300,000, and are insured for 82 per cent of the loss.

Improved Train Service Between Rock, Beloit and Watertown and Waukesha and Milwaukee.

Via the North Western Line. By the addition of new trains on the above line, passengers can now leave Janesville at 8:05 a. m. and 12:45 p. m. arriving at Milwaukee at 10:45 a. m. and 3:40 p. m. and Watertown 9:30 a. m., 2:38 p. m. and at Waukesha 10:05 a. m. and 3:11 p. m. respectively, and convenient service returning. Commodious day coaches. For particulars inquire of agents Chicago & North Western R'y.

The Donkey Was the Radical.

A story—unearthed from nobody knows where—is being circulated concerning the late election of Lord Charles Beresford to the house of commons. He was returned from York City. While the votes were being polled a coteranger arrived on the scene to record his vote. His donkey was decked out in sumptuous green ribbons, the emblems of Beresford's opponent. The voter, on being asked the customary question, answered shortly: "I go for Lord Charley, Lord bless him." Thereupon the members of the opposing faction made a dash for the good man to convince him that according to the emblems he carried he must cast his vote for their candidate. Thus challenged, he replied: "Oh, it's all right, I'm a Tory; it's my donkey that's a radical, but he's an ass."

When looking after goods you see advertised in these columns, just mention the fact that you saw it in The Gazette and it will insure you the best of bargains.

MIHILLS RETURNS FROM PHILIPPINES

ROCK COUNTY SOLDIER TELLS OF WARFARE.

Style of War as Waged by the Philippine Insurgents is Nothing Less Than a Big Farce—Wants No More of That Kind of Life—Lives in Evansville.

Guise Mihills, a Rock county boy residing in Evansville, arrived in Janesville Saturday from San Francisco. During the past year he has been waging war against the Philippine insurgents and attired in the same uniform that he fought in he arrived in Janesville.

His health was most excellent at all times in spite of sickness that prevailed on all sides.

In speaking of war as waged by the insurgents Mihills says that their style is nothing short of a farce of the worst description. Several times when the American forces would enter a town they would be met with a most cordial reception on all sides. From the windows of many private houses white flags would be displayed. When the American soldiers would march through the street in taking their departure from the town shots would be fired at them from the same window from which the flag of truce had been displayed.

One day the Americans would be fighting the insurgents and the very next day these same insurgents would come to the skirmish line under a flag of truce. Then they would ask permission to come into the American ranks and sell food and trinkets to the soldiers. As there was no positive proof that these beggars were members of the Philippine army their wishes were granted.

Mihills says that life in the Philippines during the rainy season is far from being pleasant. He says that sickness prevails on all sides. In speaking of the battles the Evansville boy says that he had many narrow escapes. At one time he and a companion were sent out to discover a road. When well out in the woods they were surprised by insurgents. His companion was killed by a bullet that pierced near his heart. Timely reinforcements were all that saved Mihills. Uncle Sam, he says, is doing all in his power to care well for the soldiers under his charge.

INTER CHANGEABLE MILEAGE

Never Has Proved a Success With Janesville Traveling Men

The interchangeable mileage ticket, so it is stated, is doomed and will not be issued after this year. These tickets have been in use about two years and have been introduced obviously for the convenience of traveling men, but they proved inconvenient and bothersome and the traveling man has not taken them to his heart because there is too much red tape about them. Every time a man rides on one it requires several minutes of his time as well as that of the conductor, each of whom has to sign the ticket about half a dozen times. Agents, too, have been known to throw up their hands in despair when they have had a dozen or more of these tickets shoved to them when they were in a hurry. The conductors, of course, are making no fight against them, but the Traveling Men's association is, and has had its coat off for some time.

Richmond Items

Richmond, Wis., Nov. 6.—John Crapps is moving onto Ben Erickson's place. Several of the neighbors drew loads for him Tuesday. Frank Bihlman and wife, who now reside with her parents at Johnston, will move in as soon as Mr. Crapps moves his household goods. Jim Holbrook is moving his grain from the place purchased by Albert Stork of John Behlman onto his own place, and had a "bee" Tuesday. Henry Stoller has built a small addition to his house and has erected a new steel windmill, which greatly improves the looks of the premises. A great number of the wells in this vicinity are reported as being dry. Patrick Mahan of Whitewater, was out this way and purchased corn last Tuesday. But very few are through husking. But everybody is endeavoring to get through to make use of the excellent weather and condition of the ground for fall plowing. Miss Martha Peterson has been very ill, but we are glad to hear that she is now able to sit up. Fred Gendrick of Ingar Creek, visited at G. F. Parrish's last Sunday. Quite a number in this neighborhood are losing a goodly number of their fall grown turkeys. They appear to be sick but a short time and soon expire. "Chicken Coppe's" have visited this place again and as a result some are out some nice poultry which a week ago was worth 9 cents a pound. C. Oleson has his new barn completed and has held two dances in it, both being unsuccessful. Poultry and calf buyers are numerous. Anyone having nice pumpkins to sell may deliver them at Whitewater and receive 62 cents apiece for them. Mr. Kemmitt has purchased the McGlone farm and will move onto it in the spring if he can rent the old place. Several from here attended the corner stone laying at Whitewater last Wednesday and saw the exercises were executed in fine style and a good crowd attended.

Getting Fresh Air.

"Plans playing is said to be healthful."

"Yes; the girl next door drives us all to the parks every Sunday afternoon."

—Chicago Record.

Across the Pew.

I love your Lenter face, sweet girl, With sober brow and banished curl. Yet serious glances, goodness knows, Look funny with your turned-up nose.

—Chicago Record.

AMUSEMENT NOTES.

The new farce "Hunting for Hawkins" will be presented tomorrow evening at Myers opera house. It is said to be a first class show. The sale of seats on today indicates that there will be a good house.

Although the date of the Modjeska engagement is somewhat distant the public can help to enhance the popularity of the event by showing an early interest. The local management has under its contract the option of selecting from Modjeska's repertoire the play to be presented here. The only way to insure a judicious selection being made is for intending patrons to send in their choice by letter to the manager of the theatre as early as possible, so that when the company's advance agent arrives he may know what the majority are in favor of and make his arrangements accordingly. The entire repertoire is as follows: "Marie Antoinette," "Macbeth," "Much Ado About Nothing," "The Ladies' Battle" and "Mary Stuart."

The continued instantaneous hit made by the production of "Remember the Maine" all over the country last season, induced Lincoln J. Carter to elaborate its scenes and strengthen its cast of players before putting it on the road for the coming season. The new and elaborate production will be seen at Myers Grand on Saturday, Nov. 11.

NEITHER SIDE ABLE TO SCORE

Hot Football by Two Elevens from Beloit and Janesville Schools.

A football contest between an eleven made up from the Hackett school of Beloit and the Graded schools of Janesville, played a football game in this city last Saturday afternoon. Neither side was able to score. The line up was as follows:

JANESVILLE.	Position.	BELOIT.
A. Granger.	Center.	Maye
G. G. G.	Left End.	Heades
G. G. G.	Left End.	Gardner
J. Joyce.	Left End.	Ward
Briggs.	Left End.	Paine
Barber.	Left End.	Lippitt
McNott.	Left End.	Antisdel
Palmer.	Left End.	Atlee
Dea.	Left End.	Martin
Flaherty.	Left End.	Cockley
Belding.	Left End.	Anderson

The line men were Will Hogan of Janesville, and Maye of Beloit. The timekeepers were Vernie Murdock, Janesville; Anderson, Beloit. Referee, Anderson. Umpire, Hayes. Atwood and Flaherty.

Sales of Seed Leaf Tobacco

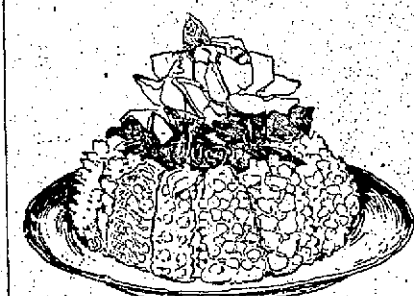

Sales of Seed Leaf tobacco reported by J. S. Gans' Son, broker, No. 128 Water street, New York, for the week ending Nov. 6, 1899:

1000 cases, crop of 1898, Wisconsin Havana, at 8 to 13 1/2 cents.
200 cases, crop of 1897, Wisconsin Havana, at 9 1/2 to 10 1/2 cents.
400 cases, crop of 1898, Zimmers, at 13 to 15 1/2 cents.
250 cases crop of 1898, Gubhardt, at 11 1/2 to 13 cents.
140 cases, crop of 1898, Dutch, at 12 to 14 cents.
250 cases, crop of 1898, Pennsylvania Seed Leaf, at 10 1/2 to 11 1/2 cents.

100 cases, crop of 1898, New England Havana Seed, at 20 to 25 cents.
50 cases, crop of 1898, New England Havana Seed Leaf, at 30 to 45 cents.
Total, 3,000 cases.

The happiest couple in the world should be a deaf husband and a blind wife both taking Rocky Mountain Tea. Smith's Pharmacy, Kodak agents.

Frosting For a Wedding Cake.

These directions for making ornamental frosting for a wedding cake to be garnished with natural roses have been given in the Boston Cooking School Magazine, together with the illustration: Beat the whites of three eggs with two tablespoonfuls of confectioners' sugar three minutes. Continue adding same quantity of sugar and beating same length of time until one cup and a half of sugar have been

WEDDING CAKE GARNISHED WITH ROSES, used. Gradually add one tablespoonful of lemon juice as the mixture thickens. Continue adding sugar and beating until a knife cut down into the frosting will make a "clean cut" that does not close together again. Spread the cake with a thin coating of frosting. When this has hardened, put on a thicker layer, having the mixture somewhat stiffer. Then crease for cutting. To the remaining frosting add sugar and beat until the frosting will keep its shape when pressed through a pastry bag and tube.

WOOD'S PILLS

Rescue the torpid liver, and cure biliousness, sick headache, jaundice, nausea, indigestion, etc. They are invaluable to prevent a cold or break up a fever. EXCELLENT RESULTS

They Have Resulted in a Steady Gain of Popularity.

People Who are Ever Ready to Recommend What Has Done Them Much Good.

The people of Janesville feel very grateful for the great benefit they have received from the use of Morrow's Kidney-cure, the great remedy for backache, dizziness, sleeplessness, nervousness and all diseases arising from the kidneys. Morrow's Kidney-cure cures where other remedies have failed and the people of this city have not been slow to find this out, and they add their testimony that their friends may know what to use and get cured.

Mrs. F. L. Kimball, 160 Linn street, says: "I have been a sufferer from kidney and liver troubles for the past two years. I could not sleep on account of nervousness. I had palpitation of the heart, sinking and dizzy spells, and suffered a great deal from nervous headache and rheumatism. I was treated by doctors, but they gave me only temporary relief. By using Morrow's Kidney-cure and Liver-cure for three days I have been greatly relieved of all my troubles. I will continue to use these great remedies."

Morrow's Kidney-cure is not pill, but yellow tablets, and sell at fifty cents a box. Morrow's Liver-cure are small red granules and sell at twenty-five cents a box by all druggists and by The People's Drug Co. Mailed on receipt of price. Manufactured by John Morrow & Co., chemists, Springfield, Ohio.

Can Send 10,000 More Men.

Sydney, N. S. W., Nov. 6.—The prime minister of this colony, the Rt. Hon. George Houston, states that an Australian contingent of 10,000 men could be sent to South Africa if necessary.

Fire Loss of \$400,000 at Wanigan. Chicago, Nov. 6.—Although the officials of the American Steel and Wire company feel assured that no lives were lost in the fire which destroyed their plant at Wanigan last Saturday afternoon, a force of workmen will be put to work searching for bodies to set at rest a rumor that two men were seen to fall back from one of the windows into the flames. The loss by the fire will reach \$400,000.

Constitution Cure.—Warner's White Wine of Tar Syrup, the best cough remedy on earth, cures a cold in one day if taken in time; 25 and 50 cents. People's Drug Co.

If the Baby Is Cutting Teeth. Be sure and use the old and well tried remedy Mrs. Winslow's Soothing Syrup for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

Seeks a Warship in America. Constantinople, Nov. 6.—The sultan, who is determined on a substantial increase in the Turkish navy, has ordered the admiral to arrange for the purchase of a swift cruiser from the Cramps of Philadelphia.

No one would ever be bothered with constipation if everyone knew how naturally and quickly Burdock Blood Bitters regulates the stomach and bowels. Cures croup, sore throat, pulmonary troubles.—Monarch-over pain of every sort. Dr. Thomas' Electric Oil. "A dose in time saves lives." Dr. Wood's Norway Pine Syrup; nature's remedy for coughs, colds pulmonary disease of every sort.

Scald head is an eczema of the scalp, very severe sometimes, but it can be cured. Doan's Ointment, quick and permanent in its results. At any drug store, 50 cents.

Italy May Seek a Big Loan. Rome, Nov. 6.—It is reported in well-informed circles here that the government will propose the negotiation of a loan of 400,000,000 lire (\$80,000,000) for the immediate improvement of the army and navy. The deputies of the extreme left are indignant at the suggestion.

Greets Washington Soldiers. Tacoma, Wash., Nov. 6.—Fifty thousand people turned out Sunday to welcome home six companies of the "fighting first" Washington volunteers, who returned from San Francisco by rail. An immense parade was followed by a banquet.

Town Surrenders to Castro. Caracas, Nov. 6.—After a blockade of two days Puerto Cabello has surrendered to Gen. Cipriano Castro and the officials of the de facto government.

ON A WET, chilly day, a drink of good whiskey often works wonders. In its selection good judgement should be used. There is a reason for the popularity of

OLD UNDEROOF RYE.

It is the successful result of over 30 years' specialized effort in the art of blending. Indeed, the chief secret of Old Underoof's remarkable popularity is in its peculiar combination—a combination that cannot be imitated and which gives to it a never-to-be-forgotten mellowness. Stored for years, and matured in heavily charred oaken barrels. Guaranteed free from all artificial colorings and flavorings.

CHAS. DENNEHY & CO., 39 South Water Street, Chicago.

DENBY AND WORCESTER NAMED

May Be Appointed to Rule Philippines with Gen. Otis.

Washington, Nov. 6.—The Philippine commission will complete its report by the time congress meets, and it is said that the president may request Col. Denby and Prof. Worcester to return to Manila to continue their investigations, and at the same time assist Gen. Otis and the natives in arranging local governments. It is now believed by the commissioners that the insurrection will be crushed within the next two or three months, and that there will be much work to be done in organizing local governments adapted to the various tribes and localities.

The president may act on the suggestion that he select commissioners to govern the island instead of a governor general when peace is restored. Several of the commissioners favor this idea, because it would be a change from the one-man power which became so objectionable under the Spanish rule.

The president may, therefore, select Col. Denby and Prof. Worcester as civil commissioners to act with Gen. Otis in the government of the islands, to show that it is not alone a military government.

Secretary Root says there is no truth in the report that Gen. Brooke is to be recalled and another governor general appointed for Cuba. Gen. Brooke will remain so long as an army officer is kept as governor general of the island, as he has given perfect satisfaction to the president and the war department. He may be succeeded by a civil governor, but not by another military governor.

SOLDIERS WERE NEGLECTED.

Serious Charges Against Officers of the Twentieth Kansas.

San Francisco, Cal., Nov. 6.—The Examiner says that the most sensational report of a military board of inquiry ever sent to the war department from this city was forwarded to Washington from the headquarters of Major Gen. Shafter a few days ago. The document consists of nearly 100 typewritten pages and contains the severest kind of criticism of the methods employed by officers in charge of the sick soldiers who returned from the Philippines on the transports Tartar and Newport, on Oct. 10.

Upon Major Rafter, the surgeon of the Twentieth Kansas volunteers, who came back on the Tartar, the heaviest censure is laid. Col. Metcalfe of the same regiment, who commanded the troopship, Gen. Funston being only a passenger, is indirectly referred to.

Many other officers are given a hard measure of criticism, but their names are being withheld until the war department sees fit to make known the details of the report.

Chicago Board of Trade.

Chicago, Nov. 4.—Closing prices of grain on the board of trade yesterday and today, with today's ranges:

Five Are Aged Jeffries.

New York, Nov. 6.—Having successfully defended his title of heavyweight champion of the world against Thomas Sharkey, James J. Jeffries is now being challenged by Fitzsimmons, Maher, Corbett and McCoy. Sharkey also desires a return match with the big Californian. Whether Jeffries will pay any attention to the challenges has not been determined, but it is very improbable that he will give any of them consideration for at least a year. As he has defended his title of champion within six months after winning it, something which no champion of recent years has done, Jeffries believes that he is entitled to a long rest, and the best sporting authorities in the country sustain the position taken by him.

Congress to Be Urged to Act.

New York, Nov. 6.—A special to the Herald from Washington says that it was unanimously agreed at the meeting of the cabinet yesterday to urge upon congress the immediate passage of a joint resolution declaring it to be the intention of this government to retain the Philippine islands, to suppress insurrection, and to grant the broadest kind of local self-government to the inhabitants of the islands, under such form of United States civil government as may be expedient. This decision was reached after the cabinet members had carefully read and discussed the unanimous report of the Philippine commission. The opinion was expressed around the cabinet table that congress could be depended upon to pass such a resolution.

Rarest of Gems.

Among the rarest of precious stones the green garnet is probably the most valuable. This gem is of superb, rich shade, far more brilliant than that of the emerald.

Now is a good time to buy winter apples. Dedrick Bros.

NO DESIRE TO BE PRESIDENT.

Admiral Dewey in New York Repeats His Former Declaration.

New York, Nov. 6.—Admiral Dewey said Sunday: "I do not want to be president. I said this when I was at Manila. I meant it then. I mean it now. When the subject was first broached, after the battle of Manila, I made up my mind I would not think of such a proposition. I have never had my determination upon the point weakened at all. The talk about my possibly being able to save the country is of no weight. If our country ever gets so poor in presidential material that it will have to depend upon one man to save the nation we will indeed be in a pitiable condition."

Hope to Profit by the War.

Berlin, Nov. 6.—In German commercial circles the British war in South Africa is being followed with marked interest. The prevailing opinion is that if Great Britain conquers the Boers a boycott of English goods will follow, notwithstanding British possession of the gold fields. In this way, it is believed, German trade will be benefited, especially as Germany now supplies one-eighth of the goods imported into Africa.

Receive Swords at Milwaukee.

Milwaukee, Wis., Nov. 6.—Swords purchased by subscription in this city were on Saturday given to Gen. Charles King and Gen. MacArthur. The ceremonies were somewhat elaborate, and took place in the chamber of commerce. Gen. King was present to receive his weapon. Gen. MacArthur was represented by Gen. Winkler.

Hobart Has a Restful Day.

Paterson, N. J., Nov. 6.—Vice-President Hobart rested comfortably Sunday and suffered no pain. He slept at times, and when awake appeared cheerful, chatting pleasantly with members of the household.

Common sense use of "Orangeine" prevents and cures nearly all human ills.

Coeur D'Alene Miners GUILTY.

Moscow, Idaho, Nov. 6.—The jury Sunday returned a verdict of guilty in the case of ten and not guilty in the case of three of the Coeur D'Alene miners who have been on trial here in the United States court on a charge of conspiracy and stopping a United States mail train at Wallace on April 29 last, the day on which the mill was blown up at Wardner.

Under the statutes the penalty for conspiracy against the United States is a fine of not less than \$1,000 nor more than \$10,000 or not to exceed two years' imprisonment or both fine and imprisonment. The defense will carry the case to the Circuit Court of Appeals.

Football Games Saturday.

Harvard 16, Pennsylvania 0; Northwestern 11, Minnesota 5; Chicago 44, Purdue 0; Michigan 38, Virginia 0; Wisconsin 17, Alumni 5; Princeton 18, Brown 6; Yale 24, West Point 0; Beloit 28, Lake Forest 0; Notre Dame 17, Rush 0; Iowa 30, Nebraska 0; Drake 11, Missouri 0; De Pauw 12, Franklin 0; Case 11, Oberlin 0; Illinois Wesleyan 84; Bradley 0; Lombard 6, Dixon 6; Indiana 32, Hamilton 0; Washington 6, Knox 5; Indiana 35, Cincinnati 0; Wesleyan 11, Dartmouth 0.

Conference of Emperors.

Paris, Nov. 6.—The Gaulois, referring to the proposed interview between Emperor Nicholas and Emperor William, says: "Its immediate object is to diminish the effect of Emperor William's visit to England and to consolidate the good relations between Germany and Russia. It will also give an opportunity to examine into certain possible eventualities likely to arise owing to the war in South Africa."

Iowa Troops Set Back.

Denver, Nov. 6.—The first two sections bearing eastward from the coast the Fifty-first Iowa volunteers arrived here Sunday morning over the Union Pacific from Cheyenne, Wyo. After a short rest the journey home was continued. The third section did not arrive in Denver until night. The report that it had been wrecked near Evanston, Wyo., proved to have been incorrect.

Samoa Problem Not Settled.

London, Nov. 6.—The Berlin correspondent of the Standard says: "The Samoa negotiations have reached a deadlock. Germany does not consider that the Gilbert and Solomon islands would adequately compensate her for waiving the German claims. An agreement, however, would easily be arranged if Great Britain would cede in addition her portions of New Guinea."

Form an Automobile Trust.

Dover, Del., Nov. 6.—The Corporation Trust company of Delaware filed in the office of the secretary of state here Saturday a certificate of incorporation of the Anglo-American Rapid Vehicle company of New York. This company has a capital stock of \$75,000,000, all of which is common stock.

Mittie to Remain on Call.

Lexington, Ky., Nov. 6.—Adjt.-Gen. Collier has ordered that every available man in the state guard be put in readiness for emergency call on Tuesday in anticipation of trouble throughout the state.

Grain-O Brings Relief

o the coffee drinker. Coffee drinking is a habit that is universally indulged in and almost as universally injurious. Have you tried Grain-O? It is the most effective, but the effects are just the opposite. Coffee upsets the stomach and ruins the digestion, effects the heart and disturbs the whole nervous system. Grain-O tones up the stomach, aids digestion and strengthens the nerves. There is nothing but nourishment in Grain-O. It can't be otherwise 15 and 25 per package.

Used by British Soldiers in Africa.

Capt. O. G. Dennison is well known all over Africa as commander of the forces that captured the famous rebel Ghalish. Under date of Nov. 4, 1897, from Vryburg, Bechuanaland, he writes: "Before starting on the last campaign I bought a quantity of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used myself when troubled with bowel complaint, and had given to my men, and in every case it proved most beneficial." For sale by Smith's pharmacy, next to postoffice, kodak agents.

Dr. Leyds May Go to Russia.

Brussels, Nov. 6.—Dr. Leyds, the agent of the Transvaal in Europe, denies that he is receiving news from the Transvaal through Germany or any other medium. He says he has no direct news from his country. It is reported that he will shortly go to St. Petersburg.

Chamberlain's Pain Balm Cures Others, Why Not You?

My wife has been using Chamberlain's Pain Balm, with good results, for a lame shoulder that has pained her continually for nine years. We have tried all kinds of medicines and doctors without receiving any benefit from any of them. One day we saw an advertisement of this medicine and thought of trying it, which we did, with the best of satisfaction. She has used only one bottle and her shoulder is almost well. —Adolph L. Millett, Manchester, N. H. For sale by Smith's Pharmacy, next to postoffice, kodak agents.

To Cure a Cold in One Day.

Take Warner's White Wine of Tar Syrup, the best cough remedy on earth. 25 and 50 cents. People's Drug Co.

Get in on the Ground Floor.

This applies to two classes of people: Those who are interested for the purpose of investment or speculation, and those who for any reason desire to change their business locations.

To any person in either class the new towns located and owned by the Chicago & Northwestern Railway company along its new lines of railroad now being constructed, offer the most tempting inducements.

Prices of lots in these towns are still absolutely on the ground floor, and are sure winners either for investors or for speculators.

The Northwestern also owns nearly one half million acres of splendid timber land, adapted to general farming, which is for sale at very low prices.

Write for information to J. E. Cleveland, and Commissioner, Chicago & Northwestern Railway Company, Chicago.

Oh, the Pain of Rheumatism!

Rheumatism often causes the most intense suffering. Many have for years vainly sought relief from this disabling disease, and are to-day worse off than ever. Rheumatism is a blood disease, and Swift's Specific is the only cure, because it is the only remedy which can reach such deep-seated diseases.

A few years ago I was taken with inflammatory Rheumatism, which became so intense that I was for weeks unable to walk. I tried several prominent physicians and took their treatment faithfully, but was unable to get the slightest relief. In fact, my condition seemed to grow worse, the disease spread over my entire body, and from November to March I suffered agony. I tried many patent medicines, but none relieved me. Upon the advice of a friend I decided to try S. S. S. Before allowing me to take it, however, my guardian, who was a chemist, analyzed the remedy, and pronounced it free of poison or mercury. I felt so much better after taking two bottles, that I continued the remedy and in two months I was cured completely. The cure was permanent, for I have never since had a touch of Rheumatism though many times exposed to damp and cold weather.

3711 Fowell Avenue, Philadelphia.

Don't suffer longer with Rheumatism. Throw aside your oils and liniments, as they can not reach your trouble. Don't experiment with doctors—their potash and mercury will add to your disability and completely destroy your digestion.

S.S.S. For the Blood will cure perfectly and permanently. It is guaranteed purely vegetable, and contains no potash, mercury, or other mineral. Books mailed free by Swift Specific Co., Atlanta, Ga.

CATARRH

is a LOCAL DISEASE and is the result of colds and sudden climatic changes. For your Protection we positively state that this remedy does not contain mercury or any other injurious drug.

Ely's Cream Balm is acknowledged to be the most thorough cure for Nasal Catarrh, Cold in Head and Hay Fever of all remedies. It opens and cleanses the nasal passages, drives out cold and inflammation, heals and protects the membrane, restores the senses of taste and smell. Sold at Druggists or by mail; samples 10c, by mail, 50c. At Druggists or by mail; samples 10c, by mail, 50c. ELY BROTHERS, 66 Warren Street, New York.

LIVERITA

THE UP-TO-DATE LITTLE LIVER PILL CURES Biliousness, Constipation, Dyspepsia, Sick-Headache and Liver Complaint. SUGAR COATED. Sold by all druggists or sent by mail. Liverita Medical Co., Chicago.

Sold by H. E. Ranois & Co., Janesville.

THIS DAY IN HISTORY.

1671—Colley Cibber, witty dramatic author and actor, born in London; died 1757.

1793—Louis Joseph Philippe, "Philippe Egalite," guillotined at Paris.

1810—Governor Morris, the Revolutionary statesman; died at Morrisania, N. Y.; born 1752.

1860—Abraham Lincoln elected Colley Cibber, president, first term.

1869—Admiral Charles Stewart, celebrated naval commander, who was given the sobriquet "Old Ironsides," died in Bordentown, N. J.; born in Philadelphia in 1773.

1872—General George Gordon Meade, commander of the Federal forces at Gettysburg, died in Philadelphia; born in Cadiz, Spain, 1813.

General Meade's grandfather, George Meade, was a liberal and patriotic merchant of Philadelphia. Richard Worsam Meade, father of the general, and also of Commodore Richard Worsam Meade, was a contractor to the Spanish government during the peninsular war and lived in Cadiz. He returned to the United States in 1813.

1894—Philip Gilbert Hamerton, English artist and author, died in Paris; born 1824.

1895—Mrs. D. P. Bowers, well known actress, died in Washington; born 1830.

1899—Mrs. W. H. Vanderbilt, widow of Commodore Vanderbilt's chief heir, died at Scarborough-on-the-Hudson.

1863—David A. Wells, noted American economist and publicist, died at Norwich, Conn.; born 1823.

1863—David A. Wells, noted American economist and publicist, died at Norwich, Conn.; born 1823.

1863—David A. Wells, noted American economist and publicist, died at Norwich, Conn.; born 1823.

to violate the law of both God and man. A bigamist should be a bigamist, religion or no religion.

All eyes will be on Ohio today and tomorrow.

Ladysmith again failed to fall yesterday.

Things look black for Gen. White.

CORNHUSK HATS.

Unique Millinery Which Has Made Famous a Kansas Woman.

Several world famous women recently received unique samples of millinery. The women were Queen Victoria, Helen Gould and Mrs. McKinley. Each received a hat made entirely of cornhusks.

The hats were manufactured by Mrs. M. J. Cusack of Atchison and were sent as souvenirs of Atchison's recent corn festival, which, as you know, was held to celebrate the great Kansas corn crop of 300,000,000 bushels.

Mrs. Cusack is not only a pioneer in this novel industry, but she has brought her work to an artistic perfection far beyond all other similar attempts. She is a retired milliner and has been experimenting with cornhusk millinery for several years. She has discovered a method of softening the husks and of dyeing them. This method she keeps secret and has persistently refused to reveal it.

With nothing but cornhusks Mrs. Cusack can turn out bonnets and hats which might readily be mistaken for imported Parisian "confections." Some of the effects she secures with the yellow maize wrappings can hardly be excelled by skilled workers in the finest Italian straw.

Mrs. Cusack was born in Ireland, but has lived in Atchison for many years. The hat which she has sent to Queen Victoria is of a Marie Stuart shape and is trimmed with passion flowers made of cornhusks. The flowers have a wonderfully natural and silky appearance. The frame is of royal purple braid, and knots of cream colored husks are fastened among the flowers. The strings of this exquisite chapeau are really marvelous, having been knitted out of softened and dyed husks. The bonnet was handsomely boxed and accompanied by the following note:

To Her Most Gracious Majesty the Queen:

I am sending you today a bonnet I have made of cornhusks as a souvenir of the corn festival, a festival held at Atchison, Kan., U. S. A., to celebrate the largest corn crop ever raised in an American state.

I beg you will accept it as my simple tribute to the greatest of sovereigns and greatest of women. It is a little thing to you, but I have worked at it with loving hands, and if you will

accept it, I am sure it will become yours, as a compliment to the millions of humble women who love your name, your good deeds and the example of your life.

I was born in your dominions, and, though I have lived in the United States many years, I have yet to find an American who would not cheerfully join me in the finest sentiment in the English language:

God save the queen!

Though now a citizen of Kansas and of the great republic, I am still the loyal subject of the queen of women, Victoria. With great respect,

Mrs. M. J. Cusack.

The hat for Miss Gould, for whom Mrs. Cusack has a great admiration, is made after a pattern sent from Paris.

The husks are woven in imitation of Tuscan braid and are dyed in two shades of lavender. It is almost covered with violets made from husks, and beneath the brim is a bunch of ten roses.

In making this hat Miss Gould's brunette type has been kept in mind by her milliner, and the high crowned hat, with its graceful, rolling brim, trimmed with violets, shaded from the palest lavender to the deepest purple, will, it is thought, be particularly becoming.

Mrs. McKinley's bonnet is a little toque for evening wear. It is composed of cream colored cornhusks, trimmed with roses and graceful rosettes of black. Roses, frame and all are made entirely of cornhusks.

It is just possible that in thus introducing to the world the product of her nimble fingers Mrs. Cusack has founded a new industry which will make the American corn crop more valuable than ever. If Mrs. Cusack can make artistic and beautiful bonnets from cornhusks, why cannot other women do so too? Why should we send to the yellow fields of Lombardy for the straw which we use in hats when so many acres of material just as suitable are to be found in our western states?

It has taken us more than a century to find out that corn had so many uses. Today we not only use it for making johnnycake and other edibles, but we use the corn pith to make our warships unsinkable.

In a few years many of us may be wearing cornhusk hats. If we do, I shouldn't be surprised if we had to pay as liberally for them as we do now for those of straw.

LUOY LAWN.

Tacoma's Bicycle Tracks.

Tacoma has fully twenty-two and a half miles of bicycle paths within its city limits, and these connect with fourteen miles more which the country has provided. This gives the cyclist almost forty miles of good paths.

GEN. WHITE IN A VERY BAD PLIGHT

Continued From page 1.

instigated by the British and that he intends lodging a protest with the continental powers.

News of a Sanguinary Battle

London, Nov. 6.—The Times publishes a dispatch from Pietermaritzburg, Natal, dated Nov. 3 (Friday), which says: "The Dutch residents here have received news of a sanguinary battle fought yesterday, probably between Ladysmith and Colenso. A large number of Boers were killed, many being relatives of Natal Dutch residing in this place. The English residents have no knowledge of any engagement.

Situation in Basutoland.

London, Nov. 6.—[Special Cablegram to The Gazette]—The war office has heard nothing of the reported uprising of Basutos. The officials admit anxiety over the situation in Basutoland, as it is known that some thirty thousand young Basutos are arming, and are anxious to fight the Boers.

A Hospital for Lepers.

A hospital for lepers has been opened at Memel, in Eastern Prussia. Leprosy is often met with in the Baltic provinces. Eleven patients are to take up their abode in the new institution; or, in other words, take leave of the outer world. One of them is a girl of seventeen, who has been a leper since her fourth year, and is at present in the district hospital at Memel, where a few days ago she was confirmed. The other ten have up till now been in the university clinic at Breslau. Two Protestant sisters of mercy from Konigsburg have been engaged as nurses for the new home. The building is outside the town, completely isolated and surrounded by a high wall.

An Old Bridge to Disappear.

One of the oldest bridges in Europe is soon to disappear, under the demand for better navigation of the river it spans. This is the stone bridge, with fifteen arches and a total length of 994 feet, built across the Danube at Regensburg (Ratisbon), in Bavaria, by Duke Henry the Superb, in 1135-46. The piers rest on piles, protected by stone riprap and heavy ice-breakers; the roadway is very narrow, and the footway allow the passage of only one person at a time. So far as its stability is concerned it would probably stand for another 750 years, but it interferes with the passage of steamboats.

Cost of Launching.

The cost of launching a battleship runs away with something like \$10,000. The great leviathan requires some five tons of tallow and over a ton of oil and soft soap to persuade her to leave her cradle and glide peacefully into the water.

HOSTETTER'S CELEBRATED

Stomach, Liver or Kidneys.

Why don't you try Hostetter's Stomach Bitters? It has cured others—why not you? Adose three times a day will give you new life.

ON THE SEVEN SINS OF JANESVILLE

REV. MR. KEMPTON PREACHES
FIRST OF THE SERIES.

**Ravages of Liquor Habit—Calls Liquor
Power Greatest Law Breaker in
This Country—Ship Load of Beer
to Manila That Made Milwaukee
Infamous.**

At the Baptist church last evening Rev. Arthur C. Kempton preached the first of a series of sermons on the seven sins of Janesville. He took for his sermon "Intemperance, the Mother of Crime."

Long before the hour of service every seat in the large auditorium was taken and the ushers were obliged to place chairs in the aisles. Still the crowd came and from the auditorium many were ushered to the balcony which was soon filled to overflowing and many were obliged to stand.

To say that many men in that congregation never before saw the inside of the Baptist church is only stating facts. A dozen saloon-keepers were present. At 7:30 o'clock Rev. Mr. Kempton stepped to the front and in his usual clear voice delivered a ringing sermon that dealt with the temperance subject in a way that left a lasting impression upon those who were fortunate in being present.

Rev. Mr. Kempton stated that the Baptist pulpit had never stood for sensationalism and that his series of sin sermons would be nothing more than the regular outlined program. If any had come for cheap sensationalism they need not come again as they would be disappointed.

Rev. Mr. Kempton then opened his sermon by asking a question found in Kings II: "Who slew all these?"

Many Victims of Intemperance.

"There were seventy in that heathen by the questioner. If we could look at the victims of intemperance we would find over 70,000. Gladstone said that the ravages of pestilence and war do not equal that of intemperance. 'Who slew all these?' Did the saloon keeper? If I give you a dagger and tell you to slay a man, will I not be as guilty as you? If I give the saloon keeper the privilege to do their work, just to pay our expenses, are not we to blame as well as they? In my visits to the saloon keepers I have not received a single insult."

"My quarrel is not with the saloons, but with the accused 'business' which you as citizens permit them to carry on. Again, I want to say that through the efforts of our police force, the scarlet woman is not in our saloons. I was very happily surprised to know this."

"I saw more wretchedness last Friday and Saturday evenings than I ever saw before in our city. I saw many boys under fifteen years of age in our saloons. Before one of our saloons I saw an heir of one of the members of our congregation. By actual count I saw 600 men in our saloons. It is safe to say that at most any hour of the day or evening upwards of 1,000 men and boys are in our saloons."

Mr. Kempton here read a letter from a man who told some of his own experiences in the city. He had seen boys who were just beginners in the paths of sin. The preacher then continued:

"Look at the great cities of our country and see how awful the scourge of intemperance is. We send our boys to liberate the Philippines and allow a power that kills and degrades our citizens to flourish in our midst. The first ship load to follow our soldiers to Manila was a load of the beer that made Milwaukee infamous."

"We have a canteen law to protect our soldier boys but the saloon power steps in and says that the law means just contrary to that which it plainly says and the deadly canteen goes on with its hellish work."

Mr. Kempton here gave many figures from scientific investigations. In Massachusetts 96 1/2 per cent. of crime came from liquor. "In order to bury the victims of intemperance," he said, "you would have to dig a trench 68 miles long that you might bury them side by side."

Shows the Fearful Result

Mr. Kempton at this point took the white of an egg, which is almost pure albumen, the substance which is a great portion of man's brain, and put alcohol into it, and showed the fearful results.

"No discussion of this matter could be complete without speaking of the political aspect of the subject. Fifty years ago there was much drunkenness, but the tavern was not in politics as it is today. When the people began to legislate against the saloon the saloon began to organize to fight against legislation. Again, the liquor power is the greatest law breaker in the land. The law is against selling to minors, but you cannot convict the saloonkeeper. It takes more evidence to convict a saloonkeeper than any other man. Why this? Because they are backed up by the great liquor traffic. You could more easily convict one of our ministers of murder than a saloonkeeper of breaking our laws. I have given our police credit for driving out the scarlet women, but I would that I might say as much in regard to their enforcement of law."

"They would do it if they would and they could do it if they were backed by the moral support of the christian community. My friends what is your responsibility in the matter? It is your saloon. This organized force for evil only, is in existence by your permission and continues its hellish work with the sanction of the people."

Mr. and Mrs. Frank H. Ruger will be at home to receive all friends Tuesday afternoon and evening, 52 Mineral Point avenue.

MENU FOR TUESDAY.

The prejudices of men emanate from the mind and may be overcome; the prejudices of women emanate from the heart and are impregnable.—D'Argens.

BREAKFAST
Gravy, Fruit,
Escaloped Oysters, Bacon,
Tomato Pickle, Potatoes,
Fried Cornmeal Mush, Sirup,
Coffee.

LUNCHEON
Steaks, Tongues with Pine Herbs,
Sandwiches, Pickles, Toasted Cheese,
Tea.

DINNER
Pea Soup,
Roast of Veal, Salted,
Carrots, Potatoes, Salad,
Cherry Pie.

LOIN OF VEAL MARINADED—Your loin of veal should be put into the marinade the day before. Take about two quarts of new milk and put to it some green onions, a shallot or two, parsley, a little spice, whole pepper, salt, two or three bay leaves, a laurel leaf and some coriander seed; put your veal in and keep it well turned so as to soak it well until it is baked on the next day, then cover it with a paper and roast it gently till well done. For your sauce mix about a pint of your culis thinned with a little gravy, thinned two or three mushrooms and capers, a little parsley, a shallot or two and pour it into your dish, adding the juice of a lemon with the kidney underneath.

BATTLE OF MANILA HERO VISITING HERE

YEOMAN, ABOARD THE BATTLESHIP OLYMPIA.

**With Admiral George Dewey During
the Entire Fight in Manila Bay—
Tells Gazette Man of His Thrilling
Experience—Arrived in Janesville
Saturday Evening.**

W. T. Chalmer, a yeoman aboard the United States battleship Olympia during the battle of Manila, is now in Janesville the guest of his cousin, Justice M. P. Richardson. Mr. Chalmer arrived in the city Saturday evening and takes his departure this evening for his home in San Francisco.

After serving close to five years in the American navy he says that he has had all that kind of experience that he cares for and is now perfectly satisfied to settle down in this country. Mr. Chalmer is twenty-seven years of age and is a resident of San Francisco where his parents now reside. His mother formerly made Janesville her home and will be remembered by many here as Katherine Buckingham.

In speaking of his experience aboard the Olympia Mr. Chalmer says that five years service is all that he cares for. He enlisted at Mares Island, San Francisco, and aboard the Olympia left in August, 1895 for Japan via Honolulu. From Japan the Olympia cruised along the Asiatic ports and along the coast of Siberia. While at Hong Kong, China, in February, 1898 the crew of the Olympia first heard of the blowing up of the battleship Maine in the harbor of Havana. Soon afterwards they were notified of the declaration of war against Spain. He said that all the crew of the Olympia knew what that meant as every man was aware of the fact that the best portion of the Spanish navy was stationed in Manila bay 600 miles from Hong Kong.

"On April 24, 1898, the British authorities ordered the Olympia out of Hong Kong as war had been declared," said Mr. Chalmer to a group of eager listeners yesterday. "After once well out to sea every man on the boat was told the whole story in as few words as possible. At 10 o'clock that same night the gunners all took their position and at midnight the Olympia came in sight of the forts that commanded the entrance to Manila Bay. She was the first boat to enter with the others following. The boat in the rear was the Raleigh and as she passed the fort she was fired on which showed that our presence had not been discovered until too late."

"Then the American battleships lost no time in circling about the bay. In plain view near the city of Manila was the Spanish boats stationed and judging by their appearance they were well taken by surprise. At 5 o'clock in the morning the battle opened by the Raleigh. The American boats kept going through the water at a rate of about nine miles an hour. They kept up a regular figure eight course, pouring forth a terrible fire. The Spanish made poor progress as their gunners were bad marksmen."

"Aboard the Olympia the one pound guns in the fighting tops did terrible execution. On the deck the six pounders got in their work. Smokeless powder was supposed to have been used, but one would not have known it, as the clouds of smoke were thick on all sides, and if the boats had not been on the constant move, the American gunners would have been unable to have seen. The rest of the battle you know well, for it has often appeared in cold type."

In speaking of his trip home from Manila to New York, Mr. Chalmer says that at every port the Olympia and her crew were given most hearty receptions. They made the trip via the Suez canal, Naples, Italy and Gibraltar. In speaking of Admiral Dewey, Mr. Chalmer says that he is every inch a man, well entitled to the praise that has been bestowed upon him by the American people. At all times was he courteous to his men, and if they behaved themselves they had no reason to make complaint. Mr. Chalmer had fifteen months more time to serve in the navy, but was able to be released by the payment of \$53.

NEWS OF A PERSONAL NATURE

C. B. CONRAD is on the sick list.
FRED TUCKER has returned to Chicago.

ALDERMAN E. F. Carpenter was in Madison Saturday.

GEORGE BROWNELL spent Sunday with friends in Madison.

FRANK RUGER and bride of West Superior, are in the city.

MELVILLE SATER was down from Madison to spend Sunday.

GEORGE CLARK has been added to the force at Fletcher Bros. grocery.

LEN WILCOX, who now makes Chicago his home, is greeting local friends.

Miss Elizabeth Wilcox is here from Chicago and is the guest of her sister, Mrs. A. J. Harris.

JOHN SETTEEN, who is now on the road for the Parker Pen company, is here from Milwaukee.

H. S. STEVENS and wife and Master Glenn Fisher of Footville, were guests of G. S. Stevens and wife over Sunday.

THE ten-number lecture course at the Y. M. C. A. is certainly the greatest bargain in the entertainment line ever given in the city. Six concerts, two illustrated lectures, one scientific lecture and a gymnasium exhibition. Full course tickets \$1.00; single admission tickets, 50 cents; lectures, 25 cents. Tickets on sale at all drugstores, Y. M. C. A., and Janesville Clothing Co.

KELLY SIGNS WITH CANADIAN JANESVILLE MAN WILL CAMPAIGN GREAT STABLE NEXT SEASON

John Kelly of this city, Saturday signed a contract to manage the Alexander McLaren racing stable for the season of 1900. Mr. McLaren is a wealthy Canadian who makes his home in Quebec and Ottawa. He is a prominent man in politics and is a member of parliament. His wealth is estimated in the millions and he is in the market for the best of trotters and pacers.

During the past five years he has invested heavily in racing stock. Mr. Kelly has handled such world famed horses as Directum, Directum Kelly, Baron Crisp and Charley Herr and is a man that needs no introduction in this part of the country. He takes entire charge over the McLaren stables at a handsome salary.

LOCAL HUNTERS HAVE SPORT

**Finding Plenty of Deer These Days in
the Pinerles.**

Local hunters now in the northern pines are finding plenty of deer these days. A west side physician writes home that the Janesville party bagged several.

Some of the leading points in Wisconsin where the deer are plentiful include Conover, Antigo, Monico Junction, Pelican, State Line, Eagle River, and Florence on the Northwestern road; Merrill, Mosinee, Wausau, Hazelhurst and Plum Lake on the Milwaukee, and Marshfield, Medford, Prentice, Phillips and Fifield on the Wisconsin Central.

RIGHTS OF PRIVATE PROPERTY HOLDERS

**JUDGE DUNWIDDIE RENDERS
IMPORTANT DECISION.**

Telephone or Telegraph Companies Cannot Plant Poles on or in Front of Private Property Without the Consent of the Owners of Such Property.

Telephone companies in the state of Wisconsin have no legal right to set a pole on or in front of private property without first having secured the consent of the property owner.

Judge B. F. Dunwiddie of the Rock county circuit court, made an order this morning in the case of William B. Strong vs. the Wisconsin Telephone company. The plaintiff resides in Beloit and is a man of prominence throughout the southern portion of the state of Wisconsin.

While engaged in setting poles in the Line City several months ago, the Wisconsin company placed one of the poles in front of Mr. Strong's property. He objected and made a protest to the company but this seemed to make but little difference. Then Mr. Strong referred the matter to Attorney William Bates of Beloit, who in turn secured the services of the Janesville legal firm of Jackson & Jackson.

Attorneys for the plaintiff secured an injunction restraining the Wisconsin company from placing the pole in front of Mr. Strong's property without first having gained his consent. The Wisconsin Telephone company through the Milwaukee legal firm of Miller, Noyes, Miller & Wahl, then made a motion to dissolve the injunction and in the courts the action was fully affirmed last September.

This morning Judge Dunwiddie made an order refusing to vacate the injunction. The effect of this decision is of wide interest.

In short it means that no telephone company can place poles on private property without the owners consent. It also covers streets in front of private property as one-half the street belongs to property which borders on it.

Attention, W. H. C.

Word has been received that the inspector will be here Monday, Nov. 13. All officers and members are earnestly requested to be present tomorrow (Tuesday) afternoon at 2:30 o'clock, at G. A. R. hall for drill. By order of

MARY L. WILLS, President.
ADA P. KIMBERLEY, Secretary.

Card of Thanks
We desire to express our sincere thanks to the friends who so kindly assisted during our late bereavement.
NICHOLAS FREDERICKS.
MRS. FENTON J. WINANS.

PLENTY of first quality second-growth dry oak wood for sale by F. A. Taylor & Co.

There's economy and comfort in a "Cresco." There's more in a "Cresco" than a woman will appreciate than in any old style corset ever made, and they cost no more. Another shipment will be on sale when you read this. Call and see the "Cresco."

Infants' Bonnets, 25 cents and up.
Cashmere Cloaks, \$1.38 and up.

These goods are very fine, the assortment is large and varied and the prices very low compared with quality.

HELEN SERVATIUS.

JANESVILLE HORSE RINGING EUROPE

KATE PHALLAMONT UNDER
ASSUMED NAME.

**Latest American Trotter to Surprise
the English and French Sports—
Received Her Early Training on the
Bower City Track—Henry McKinney Gave Her Her First Record.**

Kate Phallamont, a mare that received her early training on the Janesville track, is the latest American trotter to be reported as doing the "ringing" act in Europe. In other words certain parties allege that the Rock county mare is winning races on foreign tracks under an assumed name.

During the season of 1896 Kate Phallamont suddenly disappeared and no horseman seemed to know just what did become of her so completely did she drop out of sight. Now comes the report that this same Kate Phallamont has been winning races with ease during the past season on tracks in England and France at which large stakes were placed.

Kate Phallamont is a handsome bay mare and is by Phallamont once the property of Henry D. McKinney of this city. When a colt she received her early training on the Janesville track and from the very outset showed remarkable speed. She continued to improve fast under the training given her by Mr. McKinney. Outside horsemen soon became interested in her and she was purchased by Samuel Watt of Juda.

John C. Chadwick, a former resident of Janesville who now makes his home in Monroe, then took the speedy mare in charge and successfully campaigned her through many a hard fought battle. She tested the best tracks in the east and west winning laurels on all sides.

Frank Colby, a prominent Minneapolis horseman then came to the front and secured control of her. She still continued to win fame and money. From Colby, it is alleged, she passed into foreign hands. Kate Phallamont has a record of 2:12 1/2.

Cavern Found Near Bald Knob, Ill.
From the Chicago Tribune: A monstrous cave has recently been discovered near the foot of Bald Knob, two miles west of Alto, Pa., Ill., which promises all sorts of revelations to the explorer. The entrance is barely large enough for a man to enter, and is almost unnoticeable, but once inside, the explorer finds himself in a cavern of almost immeasurable size. It is divided into many large rooms, and, although only partially explored, it is thought to extend about a mile under the hills. Arrangements are on foot looking to its thorough exploration.

Quaint Epitaph in Wales.
In a churchyard in Flintshire an epitaph in memory of Hugh Hughes, high sheriff in 1743, says of that worthy functionary that in private life "his manner was constantly to attend the public worship as by law established, heartily to declare against the upstart sect of the brainless Calvinistic Methodists; that would have taken men off from it, timely to compose differences between neighbors ere they became exasperated; by which behavior he was valued when living and when dead much lamented."

HOMEMADE PRESENTS.

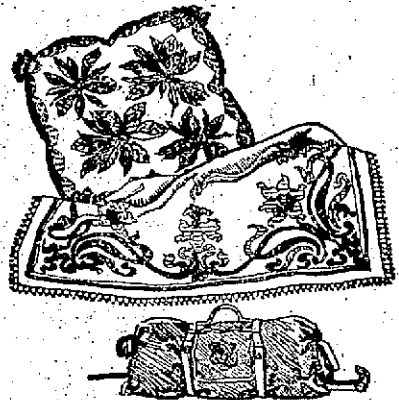

BY
HENRIETTE
ROUSSEAU.

Some Christmas Gifts Which
You Can Make With Needle,
Shears and Glue Pot.

The problem of Christmas presents seems to me to assume greater proportions every year until now there is beginning a reaction against such wholesale bestowal of presents on everybody you know. Still if a child, a woman or a man wants to give a present to every one of his or her own family the list grows amazingly.

This letter is not written to help the rich, but those to whom a dollar means much, and there are some hints tried and proved in the way of honoring Christmas by making pretty and inexpensive presents to those we love.

Every boy nowadays learns something of wood carving, modeling or some other hand work in his school. It should

be his pride to carve for his mother some pretty little boards to rest hot dishes upon. There form part of his class lessons, and the best piece of finished work should be offered to his mother for her present.

Perhaps she won't like it? Ah, but she will. I have seen foolish mothers actually kiss a clumsy little attempt at carving and wrap it up and put it away, as precious as her jewels. There are many useful as well as ornamental things which even small boys can make. Let them tell their teachers what they want to do and make the best they can.

Girls somehow seem to have more natural aptitude for doing pretty work. The greatest trouble is that the bits of silk and satin, ribbon and tinsel all cost. Still if girls sit down calmly and plan something for each one, where the same colored materials can be used either in whole or in part, it reduces the expense to a minimum.

I will mention a few things which clever and industrious little girls can make. One is a blanket for a baby's crib. This is for mother and baby both, if one likes. A piece of fleece lined flannel of any preferred color is buttonholed all around. It is one yard long and the full width of the cloth. The buttonholing is done in floss, black or red or blue, according to the color of the stuff. In outline stitch are worked an elephant and other animals, birds and odd figures which baby fingers will trace with delight.

Mrs. Thomas A. Edison had the walls of the nursery papered with a regular procession of such figures and taught her little baby their names. Every month there were different pictures pasted up.

A very useful and handy gift for a young girl to make is a music album. This is made by covering pasteboard with cotton and gluing on a piece of silk which the little fingers have painted or embroidered. Velvet ribbon is put across the corners and stitched down, and the back is held by velvet ribbon on the outside and strong canvas glued to the inside. Glue enters very largely into all fancy work. Bows to tie it with finish it daintily. This is handy for all sorts of loose papers.

Quite a little girl can make a most acceptable gift to any one in a pair of portieres or hangings for the fronts of closets. There is a cotton stuff on purpose, quite thick and alike on both sides. It is bonneted. There is also double fleece cotton flannel. These in neutral colors should be chosen and the length measured off and hemmed on both ends.

A bold design of sunflowers in natural colors shows up beautifully over garnet, olive or dull russet green. There is also an "art brown" with muddy greenish shades. All these have an artistic look.

I saw a pair of portieres almost exactly like the picture at the Women's Exchange. They cost \$25. A clever, willing girl could do every bit of the work on these in Kensington stitch in a week and not work hard either. The same idea worked out on a plush table strip is handsome and a very useful gift.

All gifts should be made with a view of their usefulness. For a housekeeper old or young nothing is more appreciated than a bit of dainty linen embroidered by dear friends. There is no end to these. This season the round dolly done in imitation duchesse is the most popular. Drawn work is always desirable.

These lace and linen pieces take the form of dollies, napkins and scarfs for the bedside and tray cloths. Some are all white, and some have flowers in natural colors scattered over them such as violets, marguerites and forget-me-nots. The newest had branches of purple heather. Fringed dollies are seen, but hemstitched or scalloped lace edge are preferred.

Among the things very young girls

can make are tobacco bags, foot rests, head rests, pincushions, needlebooks, mittens, work bags, penwipers, school bags, pencil cases, spectacle cleaners, watch holders of chamois, painted or embroidered or plain.

Little round pincushions for gentlemen are always useful. They are made by covering two disks of cardboard with silk, putting some cotton between and then sewing the edges together with colored silk. Then stick a circle of pins in them, and your gentlemen friends will be delighted.

A Chinese doll baby costing 2 cents and a dress of two long strips of white flannel. Over these are two ribbons. They are to hang up handy. The flannel strips are stuck full of safety pins. Little girls can make these easily.

For a smoking outfit all the women in a family can join in its development. Grandma can knit the cozy fleece lined slippers, mother can make the jacket, the boys attend to the jar of tobacco, match holder, ash tray, etc. If they can carve them, well; if not, they must buy. It remains for the daughter or daughters to provide the broom splints and bit of wire and cotton; also a pretty pouch to carry abroad and a smoking cap to wear at home.

The smoking cap all depends upon the making. One of the prettiest that I saw at the Woman's Exchange, which is the depot for all kinds of fancy work, was of plain black cloth, lined with black silk and braided thickly with gold soutache. The design was nothing but four loops; beginning small and growing larger. Smoking caps this season all seem to be shaped like polo caps.

Little girls can find pin and other cushions for the toilet table filled with hard stuff. All that remains is to cover them. The stuffing of a cushion is the hardest part.

The chief thing is to try to give each a gift which is really useful, while also pretty. For a sister one might make a hairpin holder and a celluloid horn of plenty painted and ribboned for combings. The mother of a household will appreciate iron holders and kettle holders.

A traveling bag is a valuable gift in convenience. It is usually of strong canvas and is cut like that shown in the picture. There are three compartments on one side and one long one on the other. Straps through rings are drawn and tied at the ends, and a shawl strap at the middle holds it firmly. It is far handier and lighter than the average grip. Women like it better than men.

One of the most serviceable and pleasing presents one friend can bestow upon another is a handsome sofa pillow and an afghan, together or separately. Sofa pillows of all shapes, materials and in every imaginable style of decoration there are.

An afghan, or slumber robe, as some call it, may be made of art green eider down, lined with madder flannel, with a line of cord buttonholing around the edge. An arabesque design can be worked upon it in shades of russet and green, with yellowish green conventional lilies. This would be a comfort to any one.

There are many holiday goods offered at prices remarkably low for such pretty things. There are jewel boxes, framed pictures, medallions, clocks, atomizers, chafing dishes, silverware and plated ware equally pretty and not so apt to be stolen. Lamps china, cut glass and

PORTIERE OF CANTON FLANNEL.

Jewelry are all considered as among legitimate Christmas gifts. Outsiders may give any article for the decoration of a friend's home or table, but no personal ornament or garment, even a fur one.

Toys for children surpass anything ever before seen in point of value, finish and mechanical contrivance. Dolls now carry on quite extended conversations with each other. These are sold in pairs and are fixed to ask and answer questions. But of all the dolls for genuine companionship and comfort none can compare with the new calico doll. This is as big as an ordinary baby and is just a piece of calico painted in fast colors until Mrs. Santa Claus takes it in hand and cuts it loose from the cloth, sews it up and stuffs it with cotton. Then it's just the dearest doll in the world.

AN ARMY ROMANCE.

General Miles' Tall Daughter, Who Is to Wed a Big Colonel.

Miss Celia Miles, whose engagement to Lieutenant Colonel Reber was recently announced, is the only daughter of General Nelson A. Miles. She is the beautiful daughter of a handsome mother, for even now Mrs. Miles is considered one of the most attractive women in the army circle at Washington.

Miss Miles is a very tall young woman, being not less than 5 feet 9 inches in height. She is well rounded too. She is 22 years old, athletic and

MISS CELIA MILES.

accomplished. She is said to be one of the best horsewomen in the national capital.

Colonel Reber is nearly 6 feet 2 inches and well built. They will make a fine couple. He is a pure blond, with somewhat florid coloring. He is about 35 years old and has been in the service since 1894. He is at present stationed at Governors Island.

Colonel Reber, through his mother, is a cousin of his fiancée. Mrs. Reber was a Miss Reese of Ohio and is a first cousin of the Shermans and consequently nearly related to Mrs. Miles, who was a Sherman before her marriage.

Colonel Reber has known Miss Miles for many years. He has been a frequent visitor to Washington, and the courtship has been largely carried on in true trooper style—in the saddle—for the young folks have taken many long rides together.

You cannot afford to miss the comfort of "Orangeine." Potent, magical, harmless.

What becomes of pianos?

What becomes of old pianos is as difficult a problem to solve as is the question, What becomes of pins? Germany, it seems, sends numerous pianos to South America and Australia. France and England only turn out 40,000 a year. There are about 100 factories in New York. Pianos disappear from the world in most mysterious manner, considering their size and the fact that the streets are not blocked with cast-off instruments. Another very curious fact is that a New York dealer has known of but three that were cut up for firewood. A second-hand dealer says he bought six for something like \$50. The old instruments are occasionally refitted, polished up, and sold again, but to whom and where do they go? That is a question which at present remains unanswered.

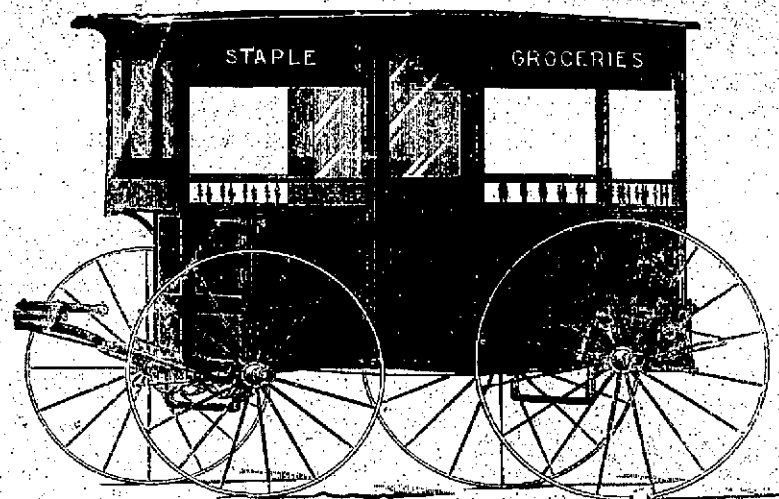

M. Waldeck-Rousseau.

M. Waldeck-Rousseau, the present French premier, is an angler. He is not only president of the council of state, but president of the Roanne Fishing club. In his letter to his fellow-fishermen accepting the honor, he wrote: "The presidency of the Anglers' club is perhaps that for which I feel myself most prepared by conscientious study and practice for which I never find sufficient leisure." Besides his fishing hobby, M. Waldeck-Rousseau is credited with painting on china and making Japanese sketches for fans. A rich man by marriage, the French premier might have lived apart from politics and law courts, but he preferred to be the first barrister in Paris.

The poor law authorities in Liverpool have decided upon a new departure in regard to the treatment of consumptive paupers. They will acquire land in a suitable locality and erect thereon, as an experiment, a sanatorium for the treatment of twenty-six tuberculosis patients chargeable on the poor rates.

Low Down, Short Turn DELIVERY WAGON...

Wagons of this class that we sell are ahead of anything ever used in the city. They are up-to-date in every respect—in usefulness, beauty and durability.

One great point with these wagons is the square drop axle, letting the bottom of the box down to within twenty-one inches of the ground.

The short turn is another special feature, allowing one to turn around in an eleven foot alley.

The box is put up in many different styles for convenience as delivery wagons for milk, bakery goods, groceries, laundry, meat or any other business.

Talk to us if you want
something in this line.

MIKADO TEA! MIKADO TEA! MIKADO TEA! MIKADO TEA!

FACTS ABOUT TEA.

Do you know that really fine Teas are very scarce—that only the first picking of Tea leaves are of the best quality? It is difficult to determine the quality of Tea from its appearance, a careful knowledge of the business being required in order to grade it accurately. For these reasons most merchants do not succeed in getting the highest grades, and sell a common grade of Tea at the price of the best.

MIKADO JAPAN TEA!

Is the highest grade of uncolored Japan Tea and contains no impurities whatever. Its sweet, rich flavor and delicious aroma cannot be obtained in cheap teas. Get our Mikado Tea, compare it with what you have been using, and you will admit its superiority. We handle cheaper grades of Japan Tea and believe that our cheaper Teas are the best offered at the price. We match our Mikado at 55 cents per pound against any other sold at 60 to 75 cents.

Notice Served October 20th, 1899.

YOU will please take notice that I have sold the store building, known as one hundred and fifty-one (151) West Milwaukee St., now occupied by you, under a lease from me dated December 15th, 1898, that by reason thereof I do hereby terminate and cancel said lease, and I hereby require you to remove therefrom and to vacate said premises and surrender the same to me within four (4) months from the time of service of this notice upon you.

To JOHN WEISEND.

THOMAS MACKIN.

On account of the above notice I have concluded to....

Close Out My
Entire Stock of

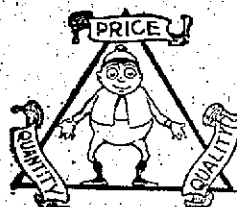

Men's and Boys' Suits,

Overcoats, Pants, Hats, Caps, Gloves, Mittens, Underwear, Hosiery, Shirts, Collars, Cuffs, Neckwear, Sweaters, and everything else in the store. This sale begins today and will continue until the entire stock is closed out, as I must vacate the store. The stock consists of the:

LATEST NOVELTIES IN CLOTHING AND MEN'S FURNISHING GOODS, and will be sacrificed regardless of cost. If in need of anything, it will be money in your pocket to call on me, as I will save you the retailer's profit.

151 West Milwaukee Street. JOHN WEISEND, Corner South Jackson

PICTURES AND MEDALLIONS.

We have just received a new line in very pretty colors. Something extra in medallions, which we are going to close at 50 cents.

THOSE FANCY BASKETS

we advertised some time ago are moving rapidly. Come in and see them.

THE SAVINGS STORE

7 South Jackson Street.

IT MUST Follow

As the winter the Summer.

That the more radiating surface there is in a stove the greater the Heating Capacity.

The Favorite Base Burners

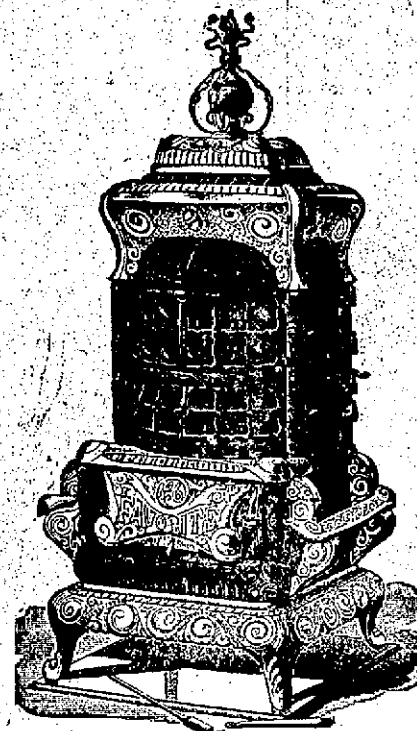

give 1/3 more radiating surface than others and therefore will heat the same space with 1/3 less fuel

This Is Not Theory, Its Facts !!

Its a telling argument that the others can't quite step up to. There are other arguments we want to make to you before you buy a stove. It will pay you to talk this matter over with us.
